## EXAMINATION REGISTRATION PAYMENT AND SCHEDULING PROCEDURES

Once a candidate is determined to be eligible, the Board will notify the examination administration contractor, PSI licensure:certification (PSI). PSI will mail a scheduling notice indicating how the candidate may schedule an examination.

Your examination eligibility expires and your application is deemed abandoned if you fail to take the RDA General and Law and Ethics Written Exam within two years after the date your application was received by the Board. When your eligibility expires, you will need to reapply to the Board to be considered eligible to take the combined written examination.

### FEE

The following fee table lists the applicable fee for the examination. The fee is for each registration, whether you are taking the examination for the first time or repeating.

#### EXAMINATION FEE

Examination Fee	\$42.35
-----------------	---------

**NOTE: REGISTRATION FEES ARE NOT REFUNDABLE OR TRANSFERABLE**

In most California testing centers, testing does not take place on the following major holidays:

Independence Day	Closed July 4, 2022
Labor Day	Closed September 5, 2022
Thanksgiving Day	Closed November 24-25, 2022
Christmas Day	Closed December 26-27, 2022
New Year's Day	Closed January 1, 2023
Martin Luther King Jr.	Closed January 16, 2023
Memorial Day	Closed May 29, 2023

### INTERNET SCHEDULING

You may schedule for your test by completing the online Test Registration Form. The Test Registration Form is available at PSI's website, [www.psiexams.com](http://www.psiexams.com). You may schedule for a test via the Internet 24 hours a day.

1. Complete the registration form online and submit your information to PSI via the Internet.
2. Upon completion of the online registration form, you will be given the available dates for scheduling your test.
3. You will need to choose a date to complete your registration.
4. Upon successful registration, you will receive a traceable confirmation number.

### TELEPHONE REGISTRATION AND SCHEDULING

For telephone registration, you will need a valid credit card (VISA, MasterCard, American Express or Discover).

1. Complete the Examination Registration Form, including your credit card number and expiration date, so that you will be prepared with all of the information needed to register by telephone.

Call PSI registrars at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, and Saturday-Sunday between 6:00 am and 2:30 pm, Pacific Time, to receive the information listed on your Examination Registration Form and to schedule your appointment for the examination. TDD service is available at (800) 735-2929.

### FAX REGISTRATION AND SCHEDULING

For Fax registration, you will need a valid credit card (VISA, MasterCard, American Express or Discover).

Complete the Examination Registration Form, including your credit card number and expiration date.

1. Fax the completed form to PSI (702) 932-2666. Fax registrations are accepted 24 hours a day.
2. If your information is incomplete or incorrect, it will be returned for correction.

Please allow 4 business days to process your Registration. After 4 business days, call PSI at (877) 392-6422. Live registrars are available between 4:30 am and 7:00 pm, and Saturday-Sunday between 6:00 am and 2:30 pm, Pacific Time. You may also schedule online by accessing PSI's registration website at [www.psiexams.com](http://www.psiexams.com).

### STANDARD MAIL REGISTRATION AND SCHEDULING

To pay by standard mail, follow the steps below:

1. Complete the PSI Examination Registration Form (found at the end of the bulletin).
2. Payment of fees may be made by credit card (VISA, MasterCard, American Express or Discover), money order, company check or cashier's check. Make your money order or check payable to PSI and print your social security number on it to ensure that your fees are properly assigned. **CASH AND PERSONAL CHECKS ARE NOT ACCEPTED.**
3. Mail the completed Registration Form and payment to:

PSI licensure:certification  
ATTN: Examination Registration CA DENTAL BOARD  
3210 E Tropicana  
Las Vegas, NV 89121  
(877) 392-6422 • Fax (702) 932-2666 • TTY (800) 735-2929  
[www.psiexams.com](http://www.psiexams.com)

Please allow 2 weeks to process your Registration. After 2 weeks, you may schedule your examination by calling PSI at (877) 392-6422, Monday through Friday between 4:30 am and 7:00 pm, or Saturday-Sunday between 6:00 am and 2:30 pm, Pacific Time. You may also schedule online by accessing PSI's registration website at [www.psiexams.com](http://www.psiexams.com).

## CANCELING AN EXAMINATION APPOINTMENT

You may cancel and reschedule an examination appointment without forfeiting your fee *if your cancellation notice is received 2 days prior to the scheduled examination date.* For example, for a 9:00 a.m. Monday appointment, the cancellation notice would need to be received before 9:00 a.m. on the previous Saturday. You may call PSI at (877) 392-6422.

**Note:** A voicemail or email message is NOT an acceptable form of cancellation. Please use the PSI Website or call PSI and speak directly to a Customer Service Representative.

## MISSED APPOINTMENT OR LATE CANCELLATION

If you miss your appointment, you will not be able to take the examination as scheduled, further you will forfeit your examination fee, if:

- You do not cancel your appointment 2 days before the scheduled examination date;
- You do not appear for your examination appointment;
- You arrive after examination start time;
- You do not present proper identification when you arrive for the examination.

## EXAMINATION SITE CLOSING FOR AN EMERGENCY

In the event that severe weather or another emergency forces the closure of an examination site on a scheduled examination date, your examination will be rescheduled. PSI personnel will attempt to contact you in this situation. However, you may check the status of your examination schedule by calling (877) 392-6422. Every effort will be made to reschedule your examination at a convenient time as soon as possible. You will not be penalized. You will be rescheduled at no additional charge.

## **SPECIAL ACCOMMODATIONS AVAILABLE**

Requests for reasonable testing accommodation must be received by the Board at the time the examination application is submitted to allow for processing. Accommodations that fundamentally alter the measurement of the skills or knowledge the examination is intended to test will not be provided.

## REQUESTING EXAMINATION ACCOMMODATIONS

Accommodations will not be provided at the examination site unless prior approval by the Board has been granted. Reasonable, appropriate, and effective accommodations may be requested from the Board by submitting the "Request for Accommodation of Disabilities" package, which can be obtained by contacting the Dental Board at 916-263-2300.

PSI will contact you to schedule your appointment, once they receive approval from the Board. Do not call PSI to schedule your examination if you have submitted a request for accommodations.

## REPORTING TO THE EXAMINATION SITE

***Please DO NOT wear scrubs to the exam(s).  
Pocketed clothing is not permitted.***

On the day of the examination, you must arrive at least 30 minutes prior to your scheduled appointment time. This allows time for check-in and identification verification and provides time to familiarize yourself with the examination process. If you arrive late, you may not be admitted to the examination site and you may forfeit your examination registration fee. Even though candidates will be thumb printed, you are still required to comply with any identification requirements established by the appropriate regulatory entity.

## REQUIRED IDENTIFICATION AT EXAMINATION SITE

You must provide 1 form of identification, either:

- Non-expired government issued driver's license
- Non-expired government issued identification card (state, military)
- Non-expired passport
- U.S. issued passport card
- Non-resident alien card
- Non-expired Mexican Consulate Identification
- Employment Authorization Card (EAC)

If you cannot provide the required identification, you must call (877) 392-6422 at least 3 weeks prior to your scheduled appointment to arrange a way to meet this security requirement. Failure to provide all of the required identification at the time of the examination without notifying PSI is considered a missed appointment, and you will not be able to take the examination.

## CALIFORNIA LAW SECURITY PROCEDURES

Section 123 of the California Business and Professions Code states: It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination, including, but not limited to:

- Conduct which violates the security of the examination materials;
- Removing from the examination room any examination materials without authorization;
- The unauthorized reproduction by any means of any portion of the actual licensing examination;
- Aiding by any means the unauthorized reproduction of any portion of the licensing examination;
- Paying or using professional or paid examination-takers for the purpose of reconstructing any portion of the licensing examination;
- Obtaining examination questions or other examination material, except by specific authorization either before, during, or after an examination; or
- Selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered licensing examination.
- Communicating with any other examinee during the administration of a licensing examination.
- Copying answers from another examinee or permitting one's answers to be copied by another examinee.
- Having in one's possession during the administration of the licensing examination any books, equipment, notes, written or printed materials, or data of any kind, other than the examination materials distributed, or otherwise authorized to be in one's possession during the examination.
- Impersonating any examinee or having an impersonator take the licensing examination on one's behalf.

Nothing in this section shall preclude prosecution under authority provided for in any other provision of law. In addition to any other penalties, a person found guilty of violating this section, shall be liable for the actual damages sustained by the agency administering the examination not to exceed ten thousand dollars (\$10,000) and the costs of litigation.

## **IMPORTANT INFORMATION ABOUT TAKING AN EXAMINATION**

1. All candidates will have their thumbprint taken during examination check-in. The thumb print must be matched after candidates return from a restroom break and any time the candidate leaves and returns to the test site after check-in.
2. The temperature in the testing room is maintained at a moderate level. Candidates are advised to layer clothing. Acceptable layered clothing includes lightweight shirts, sweaters, and pullovers without pockets or hoods. These items must be worn upon check-in, while you wait to enter the testing room, and during your initial seating for the examination. If the layered item is removed during the examination, you will be required to store it in the lobby while time continues to count down on your examination. Outerwear (coats, heavy jackets, vests, shawls, scarves, etc.) is not allowed in the testing rooms.
3. There are timing mechanisms available in the testing room and on the computer console to help candidates keep track of time during the test administration. Candidates are not permitted to bring watches or other timekeeping devices into the testing rooms.
4. Only one candidate will be allowed to take a restroom break at a time. Candidates are required to sign out when leaving and returning to the testing room. If a candidate's restroom break takes longer than 5 (five) minutes, a proctor will check on the candidate and will notify the applicable regulatory entity of the occurrence. The regulatory entity will investigate and take appropriate action.
5. The following is a non-exhaustive list of personal items that are not permitted in the testing rooms:

Purses	Briefcases/daypacks/luggage
Cellular phones	Pagers
Drinks (including water)	Food/candy/snacks/gum
Good luck items	Luggage
Calculators	Reading materials
Textbooks	Notes
Any recording device	Smart devices
Electronic devices	Headphones or earphones/earbuds
Personal pens or pencils	Therapeutic items
Cameras	Over-the-counter medication
Weapons	Fashion scarves
Hats/baseball caps/visors*	Sunglasses**
Bulky, large or noisy jewelry***	Prescription drugs****

\*Headwear worn for religious purposes is subject to inspection.

\*\*Prescription and non-prescription eyeglasses may not be worn for the photo. Eyeglasses subject to inspection.

\*\*\*Jewelry that is allowed into the examination room is subject to inspection.

\*\*\*\*Drugs that are medically necessary during the pendency of the examination may be brought into the examination site, in a container bearing a proper prescription label with the name of the candidate and of the drug; any such

medication is subject to examination by a proctor upon check-in.

Examination proctors will have considerable discretion to refuse permission of clothing and/or items that compromise the integrity or security of the examination.

During the check-in process, all candidates will be asked if they possess any of the prohibited items and all candidates will be asked to empty their pockets. If prohibited items are found during check-in, candidates must return these items to their vehicle or other place of safekeeping. Neither PSI nor the Department of Consumer Affairs will be responsible for the items. Any candidate possessing prohibited items in the testing room will have his or her examination results invalidated, and PSI will notify the appropriate regulatory entity of the occurrence.

6. Shoes must be worn at all times and feet are not permitted on the chairs. Feet must remain on the floor during examinations.
7. Copying any portion of the examination content by any means, or communicating examination content for the purpose of aiding its unauthorized reproduction, whether before, during, or after the examination, is a violation of PSI security policy and existing law. Either one may result in the disqualification or invalidation of examination results, the denial of your license, and may result in criminal prosecution.
8. If a candidate is asked by a proctor to step into the lobby during your examination, the proctor will suspend the candidate's examination, so all remaining test time will be retained.

Only candidates, and those individuals with prior regulatory entity approval, are allowed to be present in the testing sites.

If candidates require that an exception be made to ANY of the abovementioned security procedures, candidates must contact their regulatory entity PRIOR to the date of their examination. The regulatory entity must provide the exception to PSI. NO EXCEPTIONS WILL BE MADE ON THE DAY OF THE EXAMINATION.

## **TAKING THE EXAMINATION BY COMPUTER**

The examination will be administered via computer. You will be using a mouse and computer keyboard.

### **IDENTIFICATION SCREEN**

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

### **TUTORIAL**

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following

the tutorial so that you may practice answering questions, and reviewing your answers.

### TEST QUESTION SCREEN

The “function bar” at the top of the sample question provides mouse-click access to the features available while taking the examination.

The screenshot shows a web-based examination interface. At the top, there is a 'function bar' with icons and labels for 'Mark', 'Comments', 'Goto', 'Help', and 'End'. Below this is a status bar displaying 'Question: 3 of 40', 'Answered: 2', 'Unanswered: 1', 'Marked: 0', 'View: All', and 'Time Left (Min): 359'. The main content area displays question 3: 'What do the stars on the United States of America's flag represent?'. Below the question, it says '(Choose from the following options)' and lists four options: '1. Presidents', '2. Colonies', '3. States', and '4. Wars', each with an unchecked checkbox. At the bottom of the question area, there are two buttons: '<< Back' and 'Next >>'.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers

### EXAMINATION ITEMS

The RDA General and Law and Ethics Written Examination is comprised of 125 scored and 25 pretest (unscored) multiple-choice items. Pretesting items allows performance data to be gathered and evaluated before the items are scored on an examination. These pretest (“experimental”) items will be distributed throughout the examination and WILL NOT be counted for or against the examination score. Pretest items WILL NOT be identified to candidates.

## THE WRITTEN EXAMINATION

### EXAMINATION RESULTS

You will receive the results of your RDA General and Law and Ethics Written Exam at the PSI test center. The results will also be sent to the Board.

Periodically, there may be a delay in providing your results due to the Board performing a quality assurance assessment on the examination items. If an assessment is underway, information will be posted on the Board's Web site at [www.dbc.ca.gov](http://www.dbc.ca.gov) informing applicants of the assessment and delay in receiving results. The Board makes every effort to complete the assessment as quickly as possible.

You should contact the Board about 30 days after passing the examination if you have not received your license.

If you fail the RDA General and Law and Ethics Written Exam, you will receive a failed score report and an application to retake the examination.

Licenses will not automatically be issued once you pass the examination. The Board must first complete its criminal history investigation of each applicant.

## SAMPLE QUESTIONS

The written examination includes 125 scored and 25 pretest (unscored) multiple-choice items. It is functional in nature, covering the duties and settings for Registered Dental Assistants as defined in the California Dental Practice Act. You will have 3 hours to complete this examination. See below for sample questions.

1. Which of the following actions is a breach of patient confidentiality?
  - A. Storing a patient's records on the office computer
  - B. Discussing a patient's medical history with the supervising dentist
  - C. Providing an insurance company with a patient's information
  - D. Leaving a patient's file in a room occupied by another patient
2. Which of the following principles describes an RDA who is sympathetic to a patient's needs?
  - A. Justice
  - B. Veracity
  - C. Tolerance
  - D. Compassion
3. Under what circumstances is an indirect provisional restoration removed?
  - A. The patient returns for prophylaxis
  - B. The tooth is being prepared for a crown
  - C. The patient returns for the final cementation
  - D. The patient brushes and flosses
4. Which of the following actions may an RDA perform?
  - A. Place, condense, and carve an amalgam restoration
  - B. Cord retraction of gingiva for impression procedures
  - C. Take a final impression for a permanent and indirect restoration
  - D. Apply etchant to tooth surface for direct and indirect provisional restorations
5. In drying canals, why is it important to measure the quality of the absorbent points?
  - A. Because the absorbent point if left long may cause perforation of the apex
  - B. Because the absorbent point left short may cause the canal to bleed
  - C. Because the absorbent point left wide may distort the canal
  - D. Because the absorbent point if left narrow may distort the apex
6. An RDA may perform which of the following prosthodontic duties?
  - A. Adjust dentures intraorally
  - B. Adjust dentures extraorally
  - C. Adjust partial dentures intraorally
  - D. Adjust permanent indirect restorations

7. Which of the following statuses defines instruments used to penetrate soft tissue or bone?
  - A. Critical
  - B. Noncritical
  - C. Intermediate
  - D. Semi-critical
8. RDAs must use personal protective equipment to protect themselves from which of the following hazards?
  - A. Other possibly important materials
  - B. Other potentially infectious materials
  - C. Obvious potentially important materials
  - D. Obvious potentially infectious materials

Answers: 1-D, 2-D, 3-C, 4-D, 5-A, 6-B, 7-A, 8-B

## **RDA EXAMINATION OUTLINE**

### **RDA GENERAL AND LAW AND ETHICS WRITTEN EXAM**

Following is an outline of the RDA General and Law and Ethics Written Exam. The numbers in parentheses indicate the approximate percentage of scored questions covering the topic in the examination. Questions may require knowledge of rationale (indications, contraindications), instrumentation, technique, and evaluation criteria in the following content areas:

1. **Patient Treatment and Care (25%)**
2. **Dental Procedures (35%)**
  - 2A Direct and Indirect Restorations (30%)
  - 2B Preventive Procedures (5%)
3. **Dental Specialty Procedures (10%)**
  - 3A Endodontic Procedures (2%)
  - 3B Periodontal Procedures (1%)
  - 3C Orthodontic Procedures (3%)
  - 3D Implants, Oral Surgery, and Extractions (3%)
  - 3E Prosthetic Appliances (1%)
4. **Safety (30%)**
  - 4A Infection Control (24%)
  - 4B Radiation Safety (3%)
  - 4C Occupational Safety (3%)

**RDA Examination Outline (Revised January 2018)**  
**RDA General and Law and Ethics Written Exam**

**1. PATIENT TREATMENT AND CARE (25%):** This area assesses the candidate's knowledge of patient treatment, including assessing medical and dental history, charting the status of the oral cavity, performing diagnostic imaging, and providing patient education and pre- and postoperative care in accordance with professional standards and ethical principles.

Task Statements	Knowledge Statements
<ul style="list-style-type: none"> <li>1 Review and report to dentist patient medical conditions, medications, and areas of medical/dental treatment history that may affect dental treatment.</li> <li>2 Take patient's blood pressure and vital signs.</li> <li>3 Inspect patient's oral condition with mouth mirror.</li> <li>4 Chart existing oral conditions and diagnostic findings at the direction of the licensed provider.</li> <li>5 Perform intraoral diagnostic imaging of patient's mouth and dentition (e.g., radiographs, photographs).</li> <li>7 Observe for signs and conditions that may indicate abuse or neglect.</li> <li>6 Respond to patient questions about existing conditions and treatment following dentist's diagnosis.</li> <li>9 Educate patient about behaviors that could affect oral health or dental treatment.</li> <li>10 Instruct patient about pre- and postoperative care and maintenance for dental procedures and appliances.</li> <li>8 Perform dental procedures using professional chairside manner.</li> <li>32 Utilize caries detection materials and devices to gather information for dentist.</li> <li>48 Assist in the administration of nitrous oxide/oxygen when used for analgesia or sedation by dentist.</li> <li>49 Assist in the administration of oxygen to patients as instructed by dentist.</li> <li>51 Assist in emergency care of patient.</li> </ul>	<ul style="list-style-type: none"> <li>1 Knowledge of effects of coexisting medical/dental conditions on dental treatment.</li> <li>2 Knowledge of common medical conditions that may affect dental treatment (e.g., asthma, cardiac conditions, diabetes).</li> <li>3 Knowledge of allergic reactions and sensitivities associated with dental treatment and materials (e.g., latex, epinephrine).</li> <li>4 Knowledge of purposes and effects of commonly prescribed medications that may affect dental treatment (e.g., Coumadin, psychotropics).</li> <li>6 Knowledge of medical conditions that may require premedication for dental treatment (e.g., joint replacement, infective endocarditis, artificial heart valves).</li> <li>7 Knowledge of acceptable levels of blood pressure for performing dental procedures.</li> <li>8 Knowledge of methods and techniques for using medical equipment to take vital signs.</li> <li>9 Knowledge of techniques and procedures for using imaging equipment to perform intraoral and extraoral diagnostic imaging.</li> <li>10 Knowledge of types of plaque, calculus, and stain formations of the oral cavity and their etiology.</li> <li>11 Knowledge of conditions of the tooth surfaces (e.g., decalcification, caries, stains, and fractures lines) and how to document them.</li> <li>12 Knowledge of effects of substance abuse on patient's physical condition including oral tissues.</li> <li>17 Knowledge of legal requirements and ethical principles regarding patient confidentiality.</li> <li>18 Knowledge of types of dental conditions of hard and soft tissue and how to identify and document them.</li> <li>19 Knowledge of basic oral and dental anatomy (e.g., nomenclature, morphology, and tooth notation).</li> <li>20 Knowledge of legal requirements and ethical principles regarding mandated reporting (abuse and neglect).</li> <li>26 Knowledge of scope of practice for RDAs and RDAEFs related to initial patient assessment.</li> <li>13 Knowledge of effects of nutrition and malnutrition on the oral cavity.</li> <li>14 Knowledge of effects of smoking and smokeless tobacco on oral tissue.</li> <li>15 Knowledge of the professional and ethical principles related to communicating with, and fair treatment of patient.</li> <li>23 Knowledge of methods and techniques patients can perform to improve oral health.</li> <li>24 Knowledge of pre- and postoperative care and maintenance for dental procedures and appliances.</li> <li>16 Knowledge of professional and ethical principles regarding patient care.</li> <li>22 Knowledge of the RDA/RDAEFs legal and ethical responsibilities to report violations of the state dental practice act, administrative rules or regulations to the proper authorities.</li> <li>25 Knowledge of requirements for the supervision of RDAs and RDAEFs related to different dental procedures.</li> <li>64 Knowledge of types of automated caries detection devices, materials, and procedures for their use.</li> <li>68 Knowledge of scope of practice for RDAs related to use of caries detection devices and materials.</li> <li>92 Knowledge of procedures for the use and care of equipment used to administer oxygen and nitrous oxide/oxygen.</li> <li>93 Knowledge of signs and symptoms indicating the need to implement first aid and basic life support measures.</li> <li>95 Knowledge of signs and symptoms indicating possible allergic reactions and/or sensitivities to medications or materials used in dentistry.</li> </ul>

**2. DENTAL PROCEDURES (35%):** This area assesses the candidate's knowledge of materials and techniques for performing direct and indirect restorations and preventive procedures, including coronal polishing and sealants within the RDA's scope of practice.

**2A Dental Procedures: Direct and Indirect Restorations (30%)**

Task Statements	Knowledge Statements
13 Place bases and liners. 14 Place matrices and wedges. 15 Place temporary filling material. 16 Apply etchant to tooth surface (tooth dentin or enamel) for direct and indirect provisional restorations. 17 Place bonding agent. 18a Fabricate and adjust indirect provisional restorations. 18b Place, adjust, and finish direct provisional restorations. 19 Perform cementation procedure for indirect provisional restorations. 20 Obtain intraoral images using computer generated imaging system (e.g., CAD/CAM). 21 Take impressions for indirect provisional restorations. 22 Remove indirect provisional restorations. 23 Perform in-office whitening (bleaching) procedures (e.g., Boost, Opalescence).	28 Knowledge of types of base and liner materials and the techniques and procedures for their application and placement. 29 Knowledge of types of wedges and the techniques and procedures for their use. 30 Knowledge of techniques and procedures for using matrix bands with or without band retainers. 31 Knowledge of types of temporary filling materials and the techniques and procedures to mix, place, and contour them. 32 Knowledge of types of bonding agents and the techniques and procedures for their application and placement. 33 Knowledge of types of etchants and the techniques and procedures for their application and placement. 34 Knowledge of irregularities in margins that affect direct and indirect provisional restorations. 35 Knowledge of techniques used to eliminate open margins when placing restorative materials. 36 Knowledge of methods for identifying improper occlusal contacts, proximal contacts, or embrasure contours of provisional restorations. 37 Knowledge of techniques and procedures for mitigating the effects of improper occlusal contacts, proximal contacts, or embrasure contours of provisional restorations. 38 Knowledge of instrumentation and techniques related to the removal of indirect provisional restorations. 39 Knowledge of scope of practice for RDAs and RDAEFs related to applying bases, liners, and bonding agents. 40 Knowledge of equipment and procedures used to obtain intraoral images for computer-aided, milled restorations. 41 Knowledge of types of impression materials and techniques and procedures for their application and placement. 42 Knowledge of techniques and procedures used to mix and place provisional materials. 43 Knowledge of techniques and procedures for bonding provisional veneers. 44 Knowledge of indications and contraindications for the use of whitening (bleaching) agents. 45 Knowledge of indications and contraindications for the use of bonding agents. 46 Knowledge of indications and contraindications for the use of etching agents. 47 Knowledge of types of whitening (bleaching) agents and the techniques and procedures for their application. 48 Knowledge of types of cements and the techniques and procedures for their application, placement, and removal. 49 Knowledge of scope of practice for RDAs and RDAEFs related to applying and activating whitening (bleaching) agents. 50 Knowledge of RDA and RDAEF scopes of practice related to direct restorations. 51 Knowledge of RDA and RDAEF scopes of practice related to indirect restorations. 52 Knowledge of RDA and RDAEF scopes of practice related to final impressions.

**2B Dental Procedures: Preventive Procedures (5%)**

Task Statements	Knowledge Statements
31 Perform coronal polishing. 33 Prepare teeth and apply pit and fissure sealants.	60 Knowledge of scope of practice for RDAs related to coronal polishing and the application of pit and fissure sealants.

**3. DENTAL SPECIALTY PROCEDURES (10%):** This area assesses the candidate's knowledge of materials and techniques for performing endodontic, periodontic, orthodontic, prosthodontic, and oral surgery procedures within the RDA's scope of practice.

**3A Dental Specialty Procedures: Endodontic Procedures (2%)**

Task Statements	Knowledge Statements
58 Test pulp vitality. 59 Dry canals with absorbent points.	102 Knowledge of techniques and procedures for testing pulp vitality. 103 Knowledge of techniques and procedures for measuring canal length and size. 104 Knowledge of scope of practice for RDAs and RDAEFs related to initial pulp vitality testing and other endodontic procedures.

**3B Dental Specialty Procedures: Periodontal Procedures (1%)**

Task Statements	Knowledge Statements
62 Place periodontal dressings at surgical site.	108 Knowledge of scope of practice for RDAs and RDAEFs related to the placement of periodontal dressing materials. 109 Knowledge of types of periodontal dressings and techniques for their application.

**3C Dental Specialty Procedures: Orthodontic Procedures (3%)**

Task Statements	Knowledge Statements
63 Place orthodontic separators. 64 Place and remove ligature ties and arch wires. 65 Place elastic ties to secure arch wires. 66 Remove orthodontic bands. 67 Take impression for fixed and removable orthodontic appliances.	110 Knowledge of scope of practice for RDAs and RDAEFs related to the placement of orthodontic materials. 111 Knowledge of techniques for placement and removal of orthodontic separators and bands, arch wires, and ties. 112 Knowledge of techniques for placement and removal of removable orthodontic appliances. 113 Knowledge of types of materials for taking impressions for removable orthodontic appliances and the techniques for their application.

**3D Dental Specialty Procedures: Implants, Oral Surgery and Extractions (3%)**

Task Statements	Knowledge Statements
69 Remove post-extraction and post-surgery sutures as directed by dentist. 70 Place and remove dry socket dressing as directed by dentist.	114 Knowledge of techniques for removing post-extraction and post-surgery sutures. 115 Knowledge of methods for treating dry socket.

**3E Dental Specialty Procedures: Prosthetic Appliances (1%)**

Task Statements	Knowledge Statements
71 Adjust prosthetic appliances extraorally.	116 Knowledge of methods for identifying pressure points (sore spots) related to ill-fitting prosthetic appliances. 117 Knowledge of materials, equipment, and techniques used for adjustment of prosthetic appliances. 118 Knowledge of scope of practice for RDAs and RDAEFs related to the adjustment of extraoral prosthetic appliances.

**4. SAFETY (30%):** This area assesses the candidate's knowledge of laws, regulations, protocols, and procedures regarding infection control, and radiation and occupational safety.

**4A Safety: Infection Control (24%)**

Task Statements	Knowledge Statements
<p>34 Wear personal protective equipment during patient-based and non-patient-based procedures as specific to the tasks.</p> <p>35 Purge dental unit lines with air or water prior to attachment of devices.</p> <p>36 Use germicides for surface disinfection (e.g., tables, chairs, counters).</p> <p>37 Use surface barriers for prevention of cross-contamination.</p> <p>38 Perform instrument sterilization in compliance with the office's infection control program.</p> <p>39 Disinfect and sterilize laboratory and operatory equipment in compliance with the office's infection control program.</p> <p>40 Use hand hygiene procedures.</p> <p>41 Conduct biological spore testing to ensure functioning of sterilization devices.</p> <p>42 Dispose of biological hazardous waste and Other Potentially Infectious Materials (OPIM).</p> <p>43 Dispose of pharmaceuticals and sharps in appropriate container.</p>	<p>69 Knowledge of laws and regulations pertaining to infection control procedures related to "Dental Healthcare Personnel" (DHCP) environments.</p> <p>74 Knowledge of protocols and procedures for purging dental unit waterlines and hand pieces (DUWL).</p> <p>84 Knowledge of procedures and protocols for the disposal of biological hazardous waste and Other Potentially Infectious Materials (OPIM).</p>

**4B Safety: Radiation Safety (3%)**

Task Statements	Knowledge Statements
<p>44 Implement measures to minimize radiation exposure to patient during radiographic procedures.</p> <p>45 Implement measures to prevent and monitor scatter radiation exposure (e.g., lead shields, radiation dosimeter) to self and others during radiographic procedures.</p> <p>47 Implement measures for the storage and disposal of radiographic film.</p>	<p>89 Knowledge of legal and ethical requirements for RDAs and RDAEFs related to radiation safety.</p> <p>90 Knowledge of methods for the storage and disposal of radiographic film.</p>

**4C Safety: Occupational Safety (3%)**

Task Statements	Knowledge Statements
<p>55 Implement protocols and procedures to protect operator from exposure during hazardous waste management.</p> <p>56 Package, prepare, and store hazardous waste for disposal.</p> <p>57 Store, label, and log chemicals used in a dental practice.</p>	<p>99 Knowledge of what constitutes hazardous waste and the protocols and procedures for its disposal.</p> <p>101 Knowledge of requirements for placing hazardous substances in secondary containers, (e.g., labeling, handling, applicable containers).</p>
